NOVELTIES

Here Comes the Sun® – doesn't that sound like the perfect variety to start the next rose season with? With its lemon yellow flowers, whose intense colour remains stable for a long time, this floribunda is the ideal new addition to our drought resistant Sunflare® Roses. With SEE YOU® in apricot we expand our popular SEE YOU® collection of Persica hybrids with single flowers. Also insect friendly, as only lightly filled, are two other novelties: the cherry red landscape shrub blütenRhein® and the charming, cream and salmon coloured floribunda Zauberhaft. No less enchanting is the new hybrid tea Marzipan® with its richly filled, pastel flowers.

BLÜTENRHEIN® KORvillelt – Landscape scrub

Breeder W. Kordes' Söhne 2024

Upright-bushy growing landscape shrub with slightly double, cupped blooms. Brightly coloured flowers in nice contrast to its dark green, glossy and healthy foliage. Attracts pollinators.

Collection –	Fragrance	★☆☆☆☆

HERE COMES THE SUN® KORharrigeo – Floribunda

Breeder W. Kordes' Söhne 2024

Long lasting, abundant flowering floribunda with semi-double, cupped blooms that do not burn and remain stable in colour even in strong radiation. Therefore an ideal addition to our Sunflare Roses® collection with high disease resistance on top.

Collection SUNFLARE® ROSES	Fragrance	★★☆☆☆
Growth (H x W) 70 x 40 cm	Flower diameter	6-7 cm
Plants per m² 5	Flower filling	★★★★☆
Colour bright lemon yellow	Foliage health	★★★★☆ Mildew ★★★★☆ Black spot ★★★★☆ Rose rust ★★★★☆ Winter-hardiness

MARZIPAN® KORpanimar – Hybrid tea

Breeder W. Kordes' Söhne 2024

Upright-bushy growing hybrid tea with large, very double blooms that open to romantically shaped cups. A look that makes her the ideal candidate for our Eleganza® Antique® collection. A delicate, spicy scent combined with good disease resistance turn this rose into a sensual gardening experience.

Collection ELEGANZA® ANTIQUE®	Fragrance	★★★☆☆
Growth (H x W) 80 x 40 cm	Flower diameter	8-10 cm

SEE YOU® IN APRICOT KORhulth007 – Persica hybrid

Breeder W. Kordes' Söhne 2024

Most welcome addition to our popular SEE YOU® collection of so called Persica hybrids, distinguished by the characteristic „eye“ in the bloom's centre – in this case a unique combination of red and apricot. Furthermore, busy re-growth along with good disease resistance.

Collection SEE YOU®	Fragrance	★☆☆☆☆
Growth (H x W) 70 x 40 cm	Flower diameter	5-6 cm
Plants per m² 5	Flower filling	★★☆☆☆
Colour apricot with red centre	Foliage health	★★★★☆ Mildew ★★★★☆ Black spot ★★★★☆ Rose rust ★★★★☆ Winter-hardiness
